Roadcheck 2013 - Are You Ready?

June 4-6, 2013

Roadcheck is the largest targeted enforcement program on commercial vehicles in the world, with approximately 14 trucks or buses being inspected, on average, every minute from Canada to Mexico during a 72-hour period in early June. Each year, approximately 10,000 CVSA-certified local, state, provincial, and federal inspectors at 1,500 locations across North America perform the truck and bus inspections. CVSA sponsors Roadcheck with participation by the Federal Motor Carrier Safety Administration, Pipeline and Hazardous Materials Safety Administration, Canadian Council of Motor Transport Administrators, Transport Canada, and the Secretariat of Communications and Transportation (Mexico). Roadcheck is one of a series of activities that occur year round whereby CVSA-certified inspectors conduct compliance, enforcement, and educational initiatives targeted at various elements of motor carrier, vehicle, driver, and cargo safety and security.

Since its inception in 1988, the roadside inspections conducted during Roadcheck have numbered over 1 million, resulting in more than 220 lives saved and 4,045 injuries avoided. It has also provided for the distribution of countless pieces of educational literature and safety events to educate industry and the general public about the importance of safe commercial vehicle operations and the roadside inspection program.

2013 Exceptional NationaLease Service Award Winners

During the Awards Dinner at the 2013 Spring Maintenance Managers Meeting on Thursday, May 16, NationaLease presented 15 members with the 2013 Exceptional Service Award. This award is given to members who in the past year have provided excellent, consistent service as voted on by maintenance managers and acknowledged for helping to make high-quality service the hallmark of the NationaLease brand. This was the perfect way to celebrate the culmination of the Reciprocal Service Rally.

McCoy NationaLease was presented with a Gold Award.
